

Environmental Services Associate

What you'll love:

- Providing an exceptional visitor experience!
- Working with a fun, energetic team!
- Becoming familiar with the Aquarium and its inhabitants!

A typical day includes:

- Exceeding our guests' expectations by ensuring that the highest standards of cleanliness are maintained. We are one of the cleanest aquariums in the country!
- Providing our guests and staff with a pristine and safe building, both in public and non-public spaces
- Operate cleaning equipment in a safe and efficient manner.
- Educating guests about the Aquarium's animals and conservation programs.

Skills you'll master:

- Become an expert on Safety Data Sheets and proper chemical use and handling.
- Master floor maintenance to include multiple flooring materials used throughout our building.
- Positive communication
- Flexibility and adaptability
- Problem solving

We're looking for someone with:

- A High School Diploma or GED
- Experience in hospitality or a customer service environment
- Basic computer, writing, reading and math skills
- A willingness to learn and have fun with our team
