

# STEM Challenge: Kindergarten

**K-LS1-1** – *Use observations to describe patterns of what plants and animals (including humans) need to survive.*

Humans need to eat to gain energy. How do living things at the Aquarium get their energy?

**K-ESS3-1** – *Use a model to represent the relationship between the needs of different plants or animals (including humans) and the places they live.*

Pick a living thing at the Aquarium and describe how it gets air, food, water and shelter.
